

## Request For 2019 Flood Fight Major Disaster Approved

September 20, 2019 - Governor John Bel Edwards announced that President Donald J. Trump has declared a major disaster for the State of Louisiana because of historic flooding that occurred along the Mississippi River and its tributaries earlier this year. Governor Edwards made the request to allow the federal government to supplement the flood fight costs for state and local agencies along with damage incurred to public infrastructure.

Governor Edwards said, "The Mississippi River remained above flood stage for the longest period in recorded history. I appreciate President Trump recognizing the protective measures and assistance needed by the state and our local partners while dealing with these historic conditions. Our local levee districts and parishes have incurred great costs for patrols and temporary repair efforts, and state agencies took extraordinary measures to protect the public. While the incident period approved differs somewhat from my request, the Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP) will continue to work with FEMA on this issue."

The disaster declaration approval covers **Public Assistance Categories A-G**: debris removal, emergency protective measures and permanent work on infrastructure such as roads, bridges, water control facilities, buildings, equipment, utilities and parks. It includes **Assumption, Caldwell, Catahoula, Concordia, East Carroll, Franklin, Iberville, Ouachita, Pointe Coupee, Rapides, St. Martin, Terrebonne and West Feliciana Parishes**. Note: **St. Mary Parish** was approved in a previous declaration.

When Governor Edwards declared a state of emergency for Louisiana effective February 26, 2019, he directed the execution of the State Emergency Plan. At that point, state assets coordinated with and supplemented local assets for preserving public health and safety, as well as improved property. Those emergency protective measures continued well into the summer.

### DESIGNATIONS AND TYPES OF ASSISTANCE APPROVED:

**PUBLIC ASSISTANCE** (Assistance for emergency work and the repair or replacement of disaster-damaged facilities): Assumption, Caldwell, Catahoula, Concordia, East Carroll, Franklin, Iberville, Ouachita, Pointe Coupee, Rapides, St. Martin, Terrebonne and West Feliciana Parishes.

**HAZARD MITIGATION GRANT PROGRAM** (Assistance for actions taken to prevent or reduce long-term risk to life and property from natural hazards):

All areas in the State of Louisiana are eligible for assistance under the Hazard Mitigation Grant Program.

**OTHER:** Additional parishes may be added later if requested by the state and if warranted by the results of further damage assessments.

## From The Director

Hello Everyone,

We are wrapping up National Preparedness Month and moving into Cybersecurity Month for October. I was recently invited to be a panelist at the 2<sup>nd</sup> Annual National Cybersecurity Summit, presented by the Cybersecurity and Infrastructure Security Agency (CISA) and the US Department of Homeland Security. I was able to learn more about the growing demand to address cyber related issues in Emergency Management. I was also able to highlight our state's actions during the recent cyber emergency impacting school districts and several parishes across Louisiana. Our efforts dealing with that situation have once again set the standard for many to follow. It is important for us to stay in front of these potential threats and have the resources needed to protect the public.

In addition to many tropical threats in recent weeks, this is also a time of year to focus on fire prevention. Several parishes are already under a burn ban as things traditionally dry out during the fall. The Louisiana State Fire Marshal's office will be sharing information for Fire Prevention Week beginning October 6<sup>th</sup>. Expect information dealing with home fire drills, updating your smoke alarms and reminders about testing those alarms and changing batteries.

I urge everyone to stay vigilant and weather aware during the home stretch of hurricane season. Thanks for all you do keeping our citizens safe.

- James Waskom

# SBA Offers Disaster Assistance To Louisiana Businesses And Residents Affected By Hurricane Barry

September 11, 2019 - Low-interest federal disaster loans are available to Louisiana businesses and residents affected by Hurricane Barry that occurred July 10-15, 2019, announced acting Administrator Christopher M. Pilkerton of the U.S. Small Business Administration. SBA acted under its own authority to declare a disaster in response to a request SBA received from Governor John Bel Edwards on Sept. 9, 2019.

The disaster declaration makes SBA assistance available in Allen, Assumption, Avoyelles, Beauregard, Catahoula, Concordia, Evangeline, Iberia, Jefferson Davis, La Salle, Pointe Coupee, Rapides, St. Landry, St. Martin, St. Mary, Terrebonne, Vernon and West Feliciana parishes.

"SBA is strongly committed to providing Louisiana with the most effective and customer-focused response possible, and we will be there to provide access to federal disaster loans to help finance recovery for businesses and residents affected by the disaster," said Pilkerton. "Getting our businesses and communities up and running after a disaster is our highest priority at SBA."

"Low-interest federal disaster loans are available to businesses of all sizes, most private nonprofit organizations, homeowners and renters whose property was damaged or destroyed by this disaster," said SBA's Director Tanya N. Garfield of the U.S. Small Business Administration's Disaster Field Operations Center-West. "Beginning Friday, Sept. 13, SBA representatives will be on hand at the following Disaster Loan Outreach Centers to answer questions about SBA's disaster loan program, explain the application process and help each individual complete their application," Garfield continued. The centers will be open on the days and times indicated below. No appointment is necessary.

ALLEN PARISH	AVOYELLES PARISH	ST. MARY PARISH
Disaster Loan Outreach Center <b>Allen Parish Civic Center</b> 609 Tiger Lane, Oberlin, LA 70655 Opens 9 a.m. Friday, Sept. 13 Mondays - Fridays, 9 a.m. - 6 p.m. Closes 6 p.m. Thursday, Sept. 26	Disaster Loan Outreach Center <b>Avoyelles Parish Library</b> 600 North Main St., Marksville, LA 71351 Opens 8 a.m. Friday, Sept. 13 Mondays - Fridays, 8 a.m. - 5 p.m.	Disaster Loan Outreach Center <b>Patterson Civic Center</b> 116 Cotton Road, Patterson, LA 70392 Opens 9 a.m. Friday, Sept. 13 Mondays - Fridays, 9 a.m. - 6 p.m. Closes 6 p.m. Thursday, Sept. 26

Businesses of all sizes and private nonprofit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory and other business assets. SBA can also lend additional funds to businesses and homeowners to help with the cost of improvements to protect, prevent or minimize the same type of disaster damage from occurring in the future.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations of any size, SBA offers Economic Injury Disaster Loans to help meet working capital needs caused by the disaster. Economic injury assistance is available regardless of whether the business suffered any property damage.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace damaged or destroyed personal property.

Interest rates can be as low as 4 percent for businesses, 2.75 percent for private nonprofit organizations and 1.938 percent for homeowners and renters with terms up to 30 years. Loan amounts and terms are set by SBA and are based on each applicant's financial condition.

Applicants may apply online, receive additional disaster assistance information and download applications at <https://disasterloan.sba.gov/ela>. Applicants may also call SBA's Customer Service Center at (800) 659-2955 or email [disastercustomer-service@sba.gov](mailto:disastercustomer-service@sba.gov) for more information on SBA disaster assistance. Individuals who are deaf or hard-of-hearing may call (800) 877-8339. Completed applications should be mailed to U.S. Small Business Administration, Processing and Disbursement Center, 14925 Kingsport Road, Fort Worth, TX 76155.

The deadline to apply for property damage is Nov. 12, 2019. The deadline to apply for economic injury is June 11, 2020.

For questions or comments, please contact Mike Steele at [mike.steele@la.gov](mailto:mike.steele@la.gov).

## About the U.S. Small Business Administration

The U.S. Small Business Administration makes the American dream of business ownership a reality. As the only go-to resource and voice for small businesses backed by the strength of the federal government, the SBA empowers entrepreneurs and small business owners with the resources and support they need to start, grow or expand their businesses, or recover from a declared disaster. It delivers services through an extensive network of SBA field offices and partnerships with public and private organizations. To learn more, visit [www.sba.gov](http://www.sba.gov).

# State Announces Public Hearings, Seeks Public Input On Plan To Spend \$1.2 Billion In Flood Mitigation Funds

The Louisiana Office of Community Development seeks public input on the state's Action Plan for \$1.2 billion in Community Development Block Grant Mitigation funds. The plan details the state's approach for using the funds, including projects, data collection and modeling, and policy measures that advance the [Louisiana Watershed Initiative's](#) long-term resilience objectives.

The state will hold/has held the following public hearings to solicit input and feedback on the Action Plan. The meetings will also be livestreamed on the Louisiana Watershed Initiative's Facebook page- [www.facebook.com/lawatershedinitiative](http://www.facebook.com/lawatershedinitiative).

**1 p.m. Thursday, Sept. 19**  
City-Parish Council Auditorium  
Lafayette Consolidated Government  
705 W. University Ave.  
Lafayette, LA 70506

**1:30 p.m. Thursday, Oct. 24**  
Ouachita Parish Emergency Operations  
Ctr./Fire Depart. Training Ctr.  
1000 New Natchitoches Road  
West Monroe, LA 71292

**1:30 p.m. Wednesday, Sept. 25**  
House Committee Room 5  
Louisiana State Capitol  
900 N. Third Street  
Baton Rouge, LA 70802

**6 p.m. Tuesday, Oct. 29**  
Council Chambers, Building A  
St. Tammany Parish Government  
Administrative Complex  
21490 Koop Drive

## Louisiana's Watershed Regions

The [U.S. Department of Housing and Urban Development](#) released requirements August 23, including:

- Funds must be used toward mitigation activities.
- At least 50 percent of the funds must benefit the 10 parishes identified by HUD as most impacted and distressed by the 2016 floods: Acadia, Ascension, East Baton Rouge, Lafayette, Livingston, Ouachita, St. Tammany, Tangipahoa, Vermilion and Washington.
- Funds must be fully expended within 12 years of grant execution.

The state is aligning its draft Action Plan to its federally approved hazard mitigation plan and HUD's guidance to ensure consistency and efficiency across flood-mitigation efforts, as well as leveraging feedback received during recent statewide outreach initiatives.

The state will accept public comments [online](http://www.doa.la.gov/Pages/ocd-dru/Index.aspx) at [www.doa.la.gov/Pages/ocd-dru/Index.aspx](http://www.doa.la.gov/Pages/ocd-dru/Index.aspx), beginning September 26, and via email, mail, fax or in person at these public hearings. All comments will be included in the Action Plan submitted to HUD.

To request special accommodations for an upcoming hearing, email [watershed@la.gov](mailto:watershed@la.gov) or call (225) 219-9600. For more information, go to [www.watershed.la.gov/action-plan](http://www.watershed.la.gov/action-plan).

For questions or comments, please contact Mike Steele at [mike.steele@la.gov](mailto:mike.steele@la.gov).

### About the Louisiana Watershed Initiative

Governor John Bel Edwards established the Council on Watershed Management in 2018, which serves as the coordinated, interagency organization at the state level for watershed-based flood risk reduction. The Louisiana Watershed Initiative serves as the Council's programmatic arm under which all related efforts operate.

### About the Louisiana Office of Community Development

The Disaster Recovery Unit within the Division of Administration's Office of Community Development is dedicated to helping Louisiana's residents recover from hurricanes Katrina, Rita, Gustav, Ike, Isaac and the Great Floods of 2016. As the state's central point for disaster recovery, OCD-DRU manages the most extensive rebuilding efforts in American history, working closely with local, state and federal partners to ensure that Louisiana's recovery is safer, stronger and smarter than before.

## Damage Assessment Training At MOHSEP

Baton Rouge - When disaster strikes, local and state leaders must be able to provide adequate information to determine needs for Disaster Assistance. This information is vital to response and recovery, and helps set priorities, identify needs for additional resources, and creates a historical overview for use in future mitigation planning. When the magnitude of an incident or threat of incident exceeds the affected state or local government capability to respond or recover, federal disaster assistance may be possible. Thus, damage assessment is essential.

The information gathered by Damage Assessment Teams provides a snapshot of the disaster and details the extent and location of damages. This data helps communities recover, and may provide financial assistance if damages meet standards and the threshold levels set forth by federal program guidelines.

Damage Assessment Training, including processes, activities, and requirements, for Public Assistance (PA) and Individual Assistance (IA) was conducted at the [Mayor's Office of Homeland Security and Emergency Preparedness \(MOHSEP\)](#) on Thursday, September 12, 2019 at the Advanced Traffic Management/Emergency Operations Center for East Baton Rouge Parish. Participants included personnel from the local Public Works, Permits and Inspection agencies.

GOHSEP's Community Preparedness Section will continue outreach and training efforts to expand and build local Preliminary Damage Assessment Teams as well as educate the public about the declaration process and overview of disaster assistance programs. "Preparedness is more than just a bottle water and a peanut butter sandwich", said Rubby Douglas, Preparedness Section Chief. "It is important to understand what individuals must do to protect property and lives at home, as federal assistance is not automatic nor guaranteed". Since Louisiana has its share of severe weather and other events, it is critical that education and

knowledge be provided that can empower and encourage individuals and communities to action. Parishes are encouraged to request similar training for their personnel and may do so by contacting GOHSEP's Preparedness Section.

For more information you may contact Rubby Douglas at [rubby.douglas2@la.gov](mailto:rubby.douglas2@la.gov).

Rubby Douglas with GOHSEP's Preparedness Section, teaching a PDA class.

GOHSEP's Joe Costello instructs a PDA course at MOSHEP.

## The Latest GOHSEP Get A Game Plan Podcast is Available

### September is National Preparedness Month!

On this month's episode of The GOHSEP Get A Game Plan Podcast, we explain why this is a great time to get information to help protect you, your family, your home and your business. GOHSEP and many of our partners at the local, state and federal levels will provide tips to help you finalize your plans.

On this episode, you will hear from people working on that type of outreach for GOHSEP and hear from a local official working with members of his community (including young people) to help prepare, respond to and recover from an emergency.

Find a link at [GetAGamePlan.org](http://GetAGamePlan.org) or download and subscribe to the podcast from Spotify or any other major podcast store. or many other podcast stores.

## Parish Profile - Ascension

Joseph Latino's (center right) with members of the Ascension Parish Council at his recent award ceremony.

### Ascension Parish Council Recognizes Deaf Interpreter

As Barry approached the Louisiana coast, a video of an animated interpreter for the hearing impaired went viral on social media.

Joseph "Air" Latino was honored by the Ascension Parish Council last week for his outstanding services providing translation for the hearing impaired during televised updates of Hurricane Barry, according to a news release.

During July, under a declared state of emergency, Latino distinguished himself by providing critical hearing impaired translation services to the residents of Ascension Parish, Louisiana during live press conferences, according to the release. The emergency press conferences were conducted by the Ascension Parish Office of Homeland Security and Emergency Preparedness from its unified Joint

Information Center.

Video clips of Latino's skills were shared thousands of times on Facebook and other social media sites.

## 2<sup>nd</sup> Annual National Cybersecurity Summit

GOHSEP Director Waskom participates in a summit panel

National Harbor, Maryland - GOHSEP Director Jim Waskom was honored to be one of the panelists recently at the 2<sup>nd</sup> Annual Cybersecurity Summit that took place in Maryland. Director Waskom highlighted Louisiana's recent cyber emergency and other state initiatives.

What is the National Cybersecurity Summit?

The Department of Homeland Security, Cybersecurity and Infrastructure Security Agency (CISA) bring together critical infrastructure stakeholders from around the world to a forum with presentations focused on emerging technologies, vulnerability management, incident response, risk mitigation, and other current cybersecurity topics at the 2<sup>nd</sup> Annual National Cybersecurity Summit. The Summit provides the opportunity for Federal, state, local, tribal, and territorial agencies, private sector organizations, and international partners to highlight successes and opportunities for collective action.

For more information about the summit, visit: [www.us-cert.gov/event/2019-cisa-cybersecurity-summit](http://www.us-cert.gov/event/2019-cisa-cybersecurity-summit)

## Protecting Your Digital Life

Quick tips for protecting your digital information:

1. Use long passwords or pass-phrases. A pass-phrase (ie: unique sentence) is easier to remember than a complex password. Passwords longer than 16 characters makes for good strength. Shorter length passwords may be subject to both brute force and dictionary attacks (list of commonly used passwords). Don't use the same pass code for all your accounts or devices. Change your passwords periodically.
2. Install security software. Viruses and other online threats can corrupt your files and cause system damage or failure. Make sure you have up-to-date antispysware, antivirus and firewall protection.
3. Backup, Backup, Backup - Despite the best of intentions, many people will forget to back up their data on a regular basis. If using an online backup service, only use sites that encrypt data and transmit files through a secure connection, especially when you're backing up important financial documents. Back up your laptop and mobile devices! Many people protect data on their primary computers, but forget about laptops and other mobile devices. These carry a greater risk of loss and theft, so take extra care to back them up. Pick a storage spot for local backups. You may want to back up larger files onto a CD, DVD or external hard drive. However, be sure to store those devices away from your primary computer to protect against theft and natural disaster.
4. Free isn't better. Don't rely on free sites to archive your digital photos. Some have policies of deleting pictures if you don't access your account within a set time period.
5. Protect your privacy. If you use social media, anything you provide is potentially public information. Understand and control your public presence. Only share information that you are comfortable with and that won't compromise yourself, family or friends.
6. Avoid actions that put data at risk. Don't open attachments from strangers, avoid questionable Web sites and only download software from sites you trust.
7. Consider the value of your files. What are your priceless photos, music and irreplaceable files worth? How much time and at what cost would it take to replace your music library. Give your important files the protection they deserve
